AGENDA

412 Food Rescue **Jennifer England**

Jennifer reported that we waste about 40% of our food while many people still go hungry. She stated that 412 Food Rescue rescues food and delivers it to agencies that are working to solve food issues. She reports that in Allegheny County they have partnered with the Housing Authorities and that the HAs report significantly reduced call volume on food issues. In Sept., 412 Food Rescue launched 724 Food Rescue. They are looking to bring on partners to receive and distribute the food in Beaver, Butler, and Westmoreland counties. She states that interested agencies can sign up at www.412foodrescue.org They use an app to link receiving agencies with the appropriately sized and timed donations. Essentially they send out an alert and the first agency to respond will receive the donation. Agencies who turn down a donation are not penalized in any way. Once a match has been made, 412 Food Rescue will deliver the food to the site. Someone asked about the details of making donations. Jennifer stated that the food has to have been prepared in a commercial kitchen, it has been properly stored, and that it has not been touched by the public. For more information visit the website or email: info@412foodrescue.org

Point In Time **Dina Ciabattoni**

Dina reported that the official PIT reports will be ready for the March meeting. In the meantime, she handed out a brief summary. She highlighted that for the unsheltered count 6 individual men were counted. She states that 5 of these 6 men were already working with agencies on housing which she interprets to mean that our on-going outreach efforts have been effective in linking people with supports. She also compared the 6 unsheltered count to last year count of 10. She states that because of our outreach efforts throughout the year, combined with the use of 7 drop in centers (including the 3 mobile sites that the Salvation Army canteen provided), that we conducted more thorough

outreach. She reminded the group that the PIT numbers will become part of several official reports to HUD so showing a reduction demonstrates to HUD the impact of our efforts to reduce homelessness.

Miracle Dental Associates **Lisa Tovcimak**

Lisa reported on the mobile dental clinic for children and adults with special needs (including physical health, behavioral health, and cognitive/development issues). She states that they set up a full service dentist office at locations throughout the community. All they need from the location is a plug. She states that they do not do house calls; rather, they prefer to set up at a site where they can see 6-10 people. She stressed that dental issues can have a dramatic impact upon one's health so the mobile clinic is truly an effort to provide preventative care and early treatment. She stated that they accept all insurances and can waive fees for those without insurance. She reported that there is a brick and mortar office if more intensive treatment is needed. In that office they have sensory and quiet rooms as well as a therapy dog. See attached flyer for more information.

UPDATE: The Miracle Dental Mobile Clinic is scheduled to be at the Salvation Army in Beaver Falls (414 16th Street beaver Falls) on August 3rd. More details to come.

Coordinated Entry **Dina Ciabattoni**

Dina reported that CE Policies & Procedures can be found on www.bchmis.info under OTHER. She stated that the process has been formally in place now for over a month. She asked if the group had any feedback or input. Dina reminded the group that the objective of CE is to screen folks for the correct program and to ensure priority to those households with the most need. Positive comments were expressed about the objective of CE. Dina asked that if folks encounter issues with the process to please let her know. The CE subcommittee continues to meet regularly so feedback will be reviewed by them. See CE flyer for more information. Dina also asked for agencies to post the flyer to help promote the new process.

Bed Availability **Dina Ciabattoni**

Dina stated CoC Programs, ESG, and SSVF referrals have to go through CE first but that case managers can still call the programs for insight on when they may have openings and for guidance. She still reported their census on the Bed Availability chart as well as the census of other housing resources. She noted an error on the chart and stated that the 811 program does have an opening at the Rochester site. To make a referral contact Lisa Kessler at hacblk@comcast.net

Description of Beaver County McKinney Vento Supportive Housing Programs

Community Assisted Residential Living (C.A.R.L.) is a tenant based rental model administered by the Housing Authority of beaver County in which rental assistance vouchers in the form of Tenant Based Rental Assistance (TBRA) will be issued to the chronically homeless or homeless households with an illness or a disability. The Program focuses on households with the longest length of homelessness, homeless households with children, veterans, and victims of domestic violence. It is a Permanent Supportive Housing (PSH) program within Beaver County's Continuum of Care. Individuals and families live in scattered sites.
