

# Housing and Homeless Coalition of Beaver County

8/14/2025  
Meeting Agenda

## **Welcome and Housekeeping**

*The Housing & Homeless Coalition welcomes ideas, opinions, and knowledge from a broad spectrum of partners; thus meetings are open to the public and new members are always welcomed. Meetings take place the 2<sup>nd</sup> Thursday of every month at 1:30 pm. Email [ciabottonidina@gmail.com](mailto:ciabottonidina@gmail.com) for the meeting information and to provide input and feedback. Meetings are not permitted to be recorded.*

*Archived Coalition Meeting Minutes are available at <https://www.bchmis.info/>*

---

---

## **1. Open Discussion**

**Francie Booterbaugh (The Cornerstone of Beaver County)** Introduced Teddy Taylor as the new full-time outreach/transport worker at The Cornerstone of Beaver County. Teddy can be reached at 724.846.6400 ext. 112.

**Clint Nahad (Soldier On)** Announced they are looking to hire a case manager. Requirements include a bachelor's degree and a driver's license.

**Annie Dayich (Veteran's Association)** Reminded the group that September is suicide prevention month. She also shared the upcoming events at Top Golf, Coffee with a Cop, Veteran's appreciation day, Mental Gains, and the Beaver County Muster. All flyers are attached.

**Haley Bell (Inglis SDHP)** Introduced herself and reminded the group of upcoming trainings and webinars available. She reminded the group of the 811 program and the number of units.

**Nancy Greico (Red Cross)** Reported 4 fires in Beaver County affecting 10 families. Including 16 adults and 5 children, some have connected with assistance and are moving forward while others self-resolved.

**Dina Ciabattoni (CoC)** Announced that they are looking to hire a part-time data quality manager. Proposals must be submitted by 12 pm September 5<sup>th</sup>. The request for the proposal packet can be found online.

# Housing and Homeless Coalition of Beaver County

## 2. Agenda

Women-Center Recovery – UPMC Health Plan

Stacy Freeman-Pistella

Stacy shared that UPMC created a program to focus on pregnant women with substance use disorder. This is enhanced perinatal healthcare during pregnancy, to one year post pregnancy. Clients do not have to be active in addiction for services. Services include case management, social workers or nurses trained in substance use disorder, support, education, birth plans, recovery specialist, family planning, lactation specialist, and assistance with disparities. To be eligible for services clients must reside in Beaver, Butler, or Allegheny counties and have UPMC insurance. Anyone can submit referrals. The program does participation incentives with baby bundle packs.

Executive Order 2025-14321

Dina Ciabattoni

Dina reviewed the recent executive order that was released. She stated that the order gives directives to the US Department Heads not the CoC nor CoC recipients. As such, the HUD funded programs should continue to follow their current contracts until we receive further guidance from the Department Heads. She stated that as changes are implemented, we will work together to respond.

2025 CoC Competition

Dina Ciabattoni

Dina shared that there will be a 2025 CoC Competition. She stated there are no new details and that we are waiting for the Notice of Funding Opportunity to be released. She encouraged CoC partners to think about potential partnerships especially healthcare partnerships as there will likely be emphasis on these partnerships in the competition.

Bed Availability

Shante' Thompson

See attached. Shante' shared that the waitlist has decreased slightly and there are a few openings within some of the housing programs. She stated that the subsidized or section 8 portion on the bed availability chart aren't always up to date due to everyone not always responding.

# Housing and Homeless Coalition of Beaver County

**The next meeting is scheduled for 9/11/25 at 1:30 pm**

## **SAVE THE DATES & OPPORTUNITIES**

**8/28/25 CareerLink Resource Fair** from 10 am – 2 pm at the Beaver Valley Mall

**8/28/25 Overdose Awareness Event** from 4:30 pm – 7:30 pm at the Beaver County Courthouse

**9/5/25 Data Quality Manager Proposals Due by 12pm.** The Request for Proposals packet can be found at <https://www.beavercountypa.gov/departments/community-development> -under Invitation to Bid & Proposals

**9/11/25 Beaver County Re-Entry Summit: Steps to Success** from 8:30 am – 2:30 pm at the Community College of Beaver County, Library Building, Room 9103 (Bottom Floor). See attached flyer for registration information.

**9/12/25 Zero Suicide Town Hall** from 9:00 am – 3:30 pm at The Club at Shadow Lakes. See flyer for registration information.

**9/27/25 Recovery Walk** from 11 am – 2 pm at Brady's Run Walking Trail

**Free Covid Tests for Non-Profits:** <https://forms.office.com/Pages/ResponsePage.aspx?id=QSiQQSgB1U2bbEf8Wpob3ka6JW7jo-JAmyz3QeKVYRdUQUFZS1RBTjhLQkpBNUdMR0hXWjJUQTlINy4u&wdLOR=cAF58286A-BD4E-4039-8647-ED886363B6D2>

**For assistance with SNAP benefits,** contact Patricia Ferricks at: [pferricks@pittsburghfoodbank.org](mailto:pferricks@pittsburghfoodbank.org), cell: 724.549.8463, or visit at TCBC (600 6<sup>th</sup> Street Beaver Falls, PA)

**Updated Free Meal Schedule and Food Pantries can be found at:** [www.bchmis.info](http://www.bchmis.info)

**Information on NA meetings** throughout the county (both in person and online), visit: [beavervalleyyna.org](http://beavervalleyyna.org)

# PA-603 Continuum of Care Strategic Plan to End Homelessness In Beaver County, PA

The PA-603 Continuum of Care is committed to the goal of ending homelessness in Beaver County by operating a system of partners that quickly identifies, engages, and rehuses households who face a housing crisis. The Steering Committee and Collaborative Applicant will use this tool in addition to the Consolidated Plan and Annual Action plans to guide their decision making over the course of the next 3 years (2025-2028). It will be updated as determined necessary by data and outcomes.

## STRATEGIES

1. Monitor system and program outcome data regularly and develop strategies for improvement.
2. Ensure coordinated entry into the homeless system with an order of prioritization, efficiency, and equity
3. Engage more landlords in our efforts
4. Increase efforts to diversify funding
5. Continue to build diverse partnerships in our work
6. Increase employment and income opportunities
7. Increase ease of access for partners to services
8. Develop specific strategies to address gaps in services including seeking additional & flexible funding

## GAPS IN SERVICE

1. Lack of affordable housing options
2. Insufficient shelter options
3. Insufficient Permanent Supportive Housing
4. Lack of case management/supports both pre and post housing placement
5. Memorandums of Understanding with critical partners
6. Timely access to medical services including MH
7. Lengthy admission processes into housing programs
8. Housing needs of people with complex issues i.e. MH, elderly, incarceration histories, and teens/young adults
9. Wait times that lengthen homelessness
10. High eviction rates
11. Limited transportation options

Exits to PH or maintenance of PH from PSH	95% (231 people)	98% (196 people)	91% (197 people)
Returns to Homelessness	16% (68 people)	16% (70 people)	15% (64 people)

ANALYSIS OF METRICS OF SUCCESS

Comparing FY 2024 to FY 2020, PA-603 CoC has decreased the average length of time homeless by 4 & TH combined. These decreases could be explained by the Men’s Emergency Shelter efficiently moving and RRH increased by 4% since 2020 but decreased from FY 2023 by 7%. Exits to PH (or maintenance to 2024 and they decreased by 1% from last year. It should be noted that 2021 has a very high exit rate. Mainstream Vouchers which the Housing Authority prioritized for households exiting PSH and RRH. to develop strategies to reverse the decrease of the last year.

Returns to homelessness showed significant improvement from FY 2020 with an 8.3% decrease and it potentially still be attributed to the massive influx of homeless prevention funds into the County during exit people to more stable housing situations.

STRATEGIES

The Strategies identified on the Strategic Planning Tool will advance the goal of ending homelessness with the strategies numbered above.

1. Monitoring data enables the CoC to gauge its progress toward the goal of ending homelessness. The formal process for further data analysis and for developing strategies to enhance this progress. These subcommittees were created in the last year. These committees will develop strategies to improve the program outcomes.
2. Coordinated Entry helps ensure efficient and effective service delivery to all homeless households. referral system through HMIS thereby expediting access to the housing programs. The CoC updated more inclusive and respectful. The Lived Homeless Expertise committee provided valuable insight in stages to be embedded into the HMIS system thereby streamlining the data collection and HUD reports ensure efficient referrals and placement and to monitor changing needs, system inefficiencies, etc. The efficiency of client referral and housing.
3. Landlords are a critical partner in quickly housing homeless households and for providing PH options exit. Although our programs tend to have strong partnerships with many landlords, the CoC does not efforts. Further, there is very limited landlord representation on the Housing & Homeless Coalition.

include identifying relevant partners and experts to address the gaps, considering reallocation of funds as needs change, securing new funds, securing flexible funds, and learning best practices for addressing the gaps.

#### GAPS IN SERVICE

The Systems Gaps Analysis, CoC Coordination team, CoC partners, and the Governing Board identified these 12 gaps in services as having a negative impact on ending homelessness in Beaver County. Each is detailed below according to the number of the gap as listed on page 1.

1. Beaver County only has 68 affordable housing units for every 100 extremely low-income households. This shortage impacts how long homeless households remain homeless while looking for housing. It also lengthens the time in a program while a household looks for affordable housing when ready for exit. In fact the rate of exits to PH decreased by 7% (2024 Sys PM) which occurred after an 8% increase the year before. And finally, as a household may need to move or is evicted, the lack of affordable housing makes it more likely that the household will become homeless again.
2. The Systems Gaps Analysis identified shelter options as limited. Currently the CoC has a Men's Shelter, Women's Shelter, 2 shelter options for families with Child Welfare involvement, an small apartment shelter program, and hotels as needed. There is not a dedicated family shelter (for families without Child Welfare involvement) nor are there shelter or housing options for youth. Although the CoC strives to provide access to permanent housing as efficiently as possible, shelter options remain a vital resource for households to: rest, begin gathering important documents, securing income (through employment or benefits), access needed medical care etc. Although no household is expected to accomplish all of these tasks while in shelter, emergency shelter does provide the space, resources, and support to begin many of these critical tasks while providing for basic human needs, protection from the elements, and safety.
3. Over the last year, our PSH programs (in total 3 programs comprised of 160 beds) were primarily at full capacity. This led to significantly longer wait times and households being placed in available programs that did not best meet their needs. It has also placed increased demand on the RRH programs. In the last year, these programs have been so full that for the first time since the advent of Coordinated Entry (2017) not all households are receiving immediate referrals due to no openings. These households will be referred as the programs indicated openings but this is a significant shift for the CoC. Additionally, The System Gaps Analysis identified Permanent Supportive Housing and Rapid Rehousing as the top two greatest needed housing program types.
4. Partners have identified the need for more case management support after a homeless household is housed. The CoC recognizes that challenges to housing do not disappear with housing alone. For long term housing stability ongoing case management support is increasingly needed – even if only as a safety net to prevent returns to homelessness. Partners have also highlighted the need for case management for people without behavioral health challenges as this population is often not eligible for traditional case management services.
5. PA-603 is a stand alone CoC within the geographical boundaries of Beaver County, PA. Beaver County is a small county where many partners have worked on the issue of homelessness for extended periods of time. This means that partnering is often seamless and non-contractual.

and/or disruption. Histories of evictions make finding a landlord to partner with even more challenging. In addition to the challenges of securing appropriately supported housing for people with emotional and behavioral challenges, securing shelter is also a challenge. Some people are uncomfortable in congregate settings, while others need more support than a hotel alone can offer. Again, the CoC continually strives to enhance services and supports for people with these challenges, but their movement through the CoC programs remains complex – lengthening their time homeless, and in some cases adding to their poor rental histories. Recently, two new behavioral health professionals joined the Housing & Homeless Coalition, and one partners with one of our housing agencies. These recent developments are promising.

People face homelessness for a vast variety of reasons making their situations complex in unique ways. However, the majority of the funding CoC partners receive to provide housing are highly regulated and for very specific costs. These funds make it difficult to meet the complex and unique circumstances of every unhoused household. Continuing to grow our partnerships can help meet these needs as can securing flexible sources of funding.

9. Many factors impact the length of time a household remains homeless - limited affordable housing options, insufficient case management support, insufficient PH supply, inconsistent coordination between partners etc. Lack of affordable housing continues to impact the length of time homelessness in two ways. The first way is the length of time it takes the program to find affordable housing for the household. The second way is upon exit when the household seeks affordable housing to which they will exit. Long lengths of homelessness not only increase the negative consequences that households experience, but it also causes the homeless system to “back up”. When the programs have limited housing capacity because households are unable to move on, then the currently waiting homeless people remain unsheltered or in emergency shelter for longer periods of time which is not a best practice. Expanding affordable housing as well as the capacity of the permanent housing programs would help shorten this length of time. The goal of the CoC is to make homelessness a rare and BRIEF experience when it happens. In fact, the length of time homeless is one of the Metrics of Success in this report. The CoC did shorten the length of time homeless in 2024 by 29 days from 2023. This was after a significant increase in the measure from 2022 to 2023. Further analysis is needed to understand what contributed to this improvement.

10. An analysis conducted by the Housing Alliance of PA compared eviction rates prior to the pandemic (2018-2019) to those after the pandemic (2022-2023). Beaver County's post pandemic eviction rates both exceed pre-pandemic levels as well as the 2022-2023 State eviction rate. Beaver County is one of 16 counties in the State that exceed the state average. It should be noted that the Emergency Rental Assistance Program which was in operation throughout the pandemic closed in June 2024. Without alternative interventions in place (i.e. increase in homeless prevention funds, increase in rental assistance for eviction prevention, mediation, coordination with the local magistrates etc), the CoC did see an increase in homelessness. Between the 2023 and 2024 Longitudinal System Analysis, Beaver County had a 24% increase in homelessness. It is likely that the loss of ERAP at the midpoint of 2024 had an influence on this outcome. In the last year, the CoC has partnered with the Housing Alliance of PA to work on strategies to reduce our higher than State average eviction rate. To date, this work has included: advocacy efforts to establish a stable State funded eviction prevention program, and the beginning stages of coordinating the first ever Eviction Prevention Incubator meeting. This meeting will bring together a broad range of stakeholders to envision an efficient and effective eviction prevention strategy. The broad representation at the meeting will help ensure the strategy benefits households at risk of evictions, landlords facing lost income and costs as a

# RESOURCE FAIR

Where local organizations and service providers come together to offer help, information, and support.

CMN25-0530-3

**3. Gender-Responsive Substance Use Treatment:**

- Members will be linked to gender-responsive substance use treatment and support programs skilled in treating maternal addiction.
- Care managers will coordinate referrals driven by the member through a harm reduction lens.
- Members will receive support that meets them where they are in the recovery process with dignity and respect.

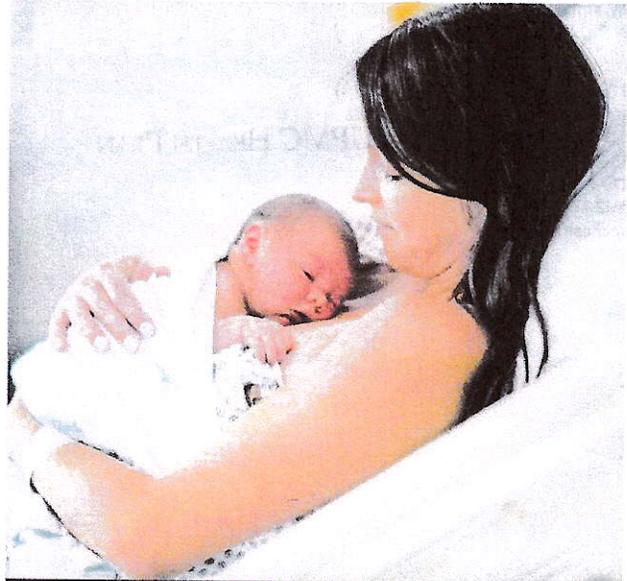

**4. Reduced Health Disparities:** Care managers will identify social determinants of health needs and systemic barriers to care.

- Members will be connected to community and government programs to assist with care gaps and obtaining crucial material items like diapers, formula, and clothing.

**5. Incentives:** Members who meet the program requirements may be eligible to receive incentives.

The type of incentive depends on coverage:

- UPMC Health Plan members with employer-sponsored insurance may receive wellness incentive credits through their employer for completing the program.
- UPMC *for You* members who participate in the program may be eligible to receive a baby gift at no cost.

**Contact Us**

To learn more about the Women-Centered Recovery Model of Care and the UPMC Health Plan Baby Steps maternity program, members can contact us at **1-866-778-6073 (TTY: 711)**. Care managers are available Monday through Friday from 8 a.m. to 6 p.m.
